

Elekta and Stockholm County Council agree on constructive way forward

STOCKHOLM, December 12, 2017 – Elekta (EKTA-B.ST) and Stockholm County Council signed a Letter of Intent today regarding the agreement from December 29, 2016.

Elekta will continue to fully equip the new radiation therapy department of Stockholm South General Hospital (SöS) and to provide brachytherapy solutions to New Karolinska Solna (NKS). Stockholm County Council will have the possibility to seek a separate solution for the remaining external beam equipment at NKS.

Richard Hausmann, Elekta President and CEO, commented: “The Letter of Intent provides both parties with a constructive way to move forward and collaborate for Stockholm County Council to expand cancer care services. As a Stockholm-based company we look forward to continue providing advanced, world-class cancer care to the patients of Stockholm.”

The Letter of Intent is expected to be turned into a binding contract latest January 31, 2018.

The value of the remaining part of the contract is expected to be approximately SEK 160 million; the initial order value was approximately SEK 350 million over the 13-year lifetime of the agreement.
